# OBITUARY & LIFE REFLECTION

Harold Benoit, spiritually known as Moreh Yehotsadek, peacefully transitioned on December 3rd, 2025 in Hollywood, FL. He was born on March 13, 1954, in Aux Cayes, Haiti, to Chrystianna Jussome and Edward Benoit.

At 18 years of age, Harold migrated to New York with determination and an unwavering work ethic. He earned his Bachelor's degree in Liberal Studies from New Rochelle College and a Masters degree in Bilingual Education from Long Island University.

Spiritually, he worshiped at Congregations Kol Sh'aireit, B'nai Yisrael, Hashabah Yisrael, Quahal, B'nai Adath Kol Beit Yisrael, Sh'ma Yisrael (New York), where he became a fervent student, and then a respected teacher, later becoming part of its Florida extension and eventually leading him to establish his own congregation Bnai Yisrael, when he continued teaching with fervor and conviction; known for his insight, humility and devotion to truth.

His role as an educator also transcended into the academic world, teaching elementary and middle school. As a math teacher and science tutor by profession, he shaped the minds and character of countless students pouring his passion for learning into every lesson. His dedication to the field was evident when he received the Excel Award from the Foundation for Excellence in Education for his outstanding work at Florida International Academy Charter in Dade County, Florida in 2009.

His days were enriched by the things he loved most : reading, studying, teaching, listening to music, dancing, and even watching wrestling. He also developed a fondness for the steel pan music and was an original member of the Lauderhill Steel Ensemble.

His legacy continues in the family he cherished, the students he mentored, the congregations he served, and all those who were transformed by his teachings and example.

We honor our father — a man of wisdom, strength, and spiritual leadership. His legacy is our inheritance, his teachings our path, and his love our enduring foundation.
