MEMORIES OF YOU WILL FOREVER

Daisha, my sweet Anesthasia

She changed her own name at three years old. Pumpkin you were my first born, you taught me how to be a mom. You are the colors in my rainbow, a beautiful star in the sky. I am so proud of all the great & dynamic accomplishments you achieved in your life, showing determination and dedication. I truly admired you for never giving up even at your weakest moments in life. You would always say: "You believed you could, so you did" You will always be in my heart, mind, body & soul. I loved you forever & ever & ever. My Daisha Duke.

Love always your mother!

It is with a heavy heart that I announce the passing of my sister, Daisha Pugh, at 28 years old. She was incredibly sweet and willing to help anyone in need. Despite her battle with Lupus she lived life fully and without limits. Daisha always had my back and I'll forever look up to you. I'll continue to live for you and take special care of our mother. I know that's what you would have wanted. Your love, strength, and laughter will always be with me, until we meet again.

Love your baby brother, Tyler

Remembering You,

If I could take your pain I would. If I could heal your wounds, I would. Cheekie, if I could become you, I would be invincible!

Love Auntie Fannye, you inspire me!

A soul so vibrant, full of life, Our granddaughter, a shining star, A heart of gold, a beacon bright, Whose love and kindness knew no bar. In every step, in every stride, She brought a world of joy and cheer, A legacy of love, she leaves, Her memory, we'll hold so dear. For she was more than just a light, A force of nature, pure and true, Our granddaughter, our pride and joy, We'll celebrate the life we knew.

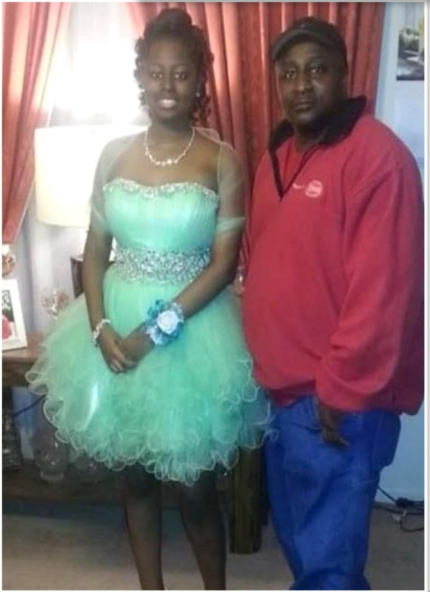

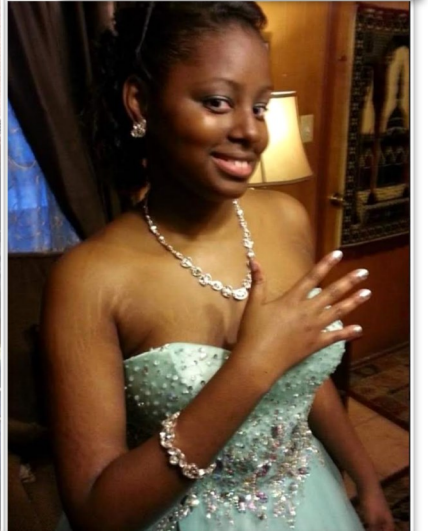

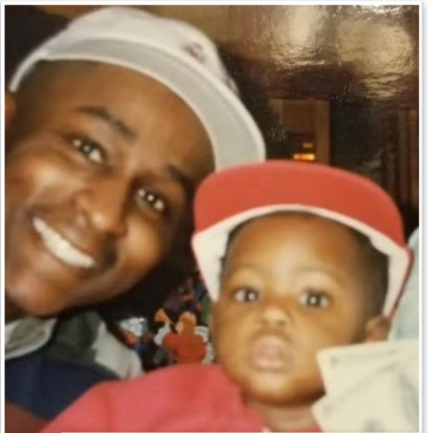

*With Love
Your Grandparents*

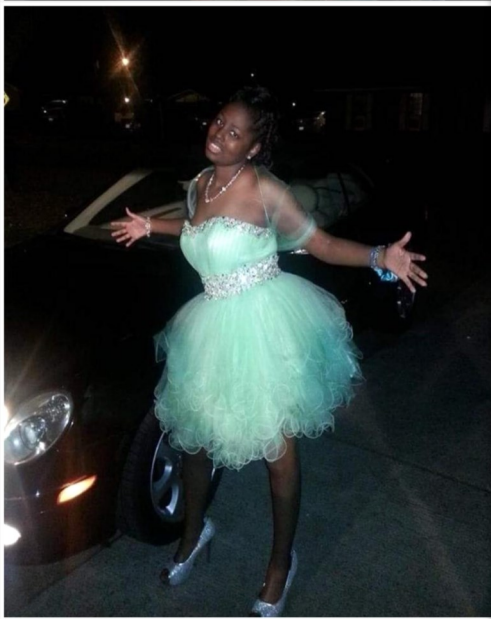

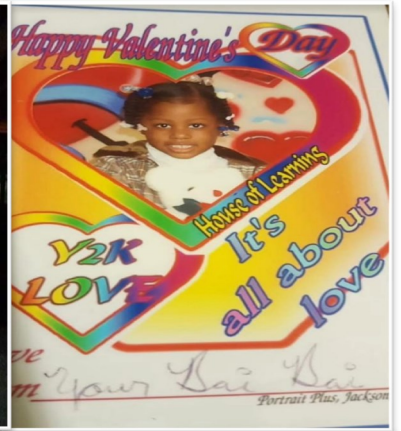

To my cousin, sister, bestfriend, and most importantly my spirit animal. She was an inspiration to everyone who ever met or knew her. She's the true definition of a soldier. She is and was the strongest person I've ever known in my life. To live a life of laughter, joy, and, love while battling lupus and cancer. She was the first mother figure I ever had and she took that role very seriously. She taught me how to be a woman and a sister. She showed me how to be determined, and compassionate, and how to make a good grilled cheese. Her life was full of highs and some dark lows but she never let her pain still her joy to live life. Everyone she touched always felt better after experiencing her spirit. She is the epitome of strength and bravery. Her heart, soul, and memory will forever be with my family. Rest easy peewee, I will hold you with me in whatever I do.

*With Love
Your Cousin Bettye*

My Sister Daisha, a woman of remarkable strength and courage. She fought battles most of us could never imagine, facing both lupus and cancer with grace and resilience that left us in awe. Though her journey was marked with pain, it was also filled with hope, laughter, and moments of joy. She taught us what it means to live with bravery, to cherish every precious moment, and to find beauty even in the darkest of times. Her legacy lives on in the values she instilled in me, in the love she showed to our family, and in the positive impact she had on everyone who knew her. She leaves behind a legacy of love, compassion, and strength. We will miss her every day, but we will carry her spirit with us always. Thank you for the love, the laughter, the life lessons, and being my role model. Rest in peace, my beautiful sister. You will never be forgotten.

*Forever and Always
Your Loving Brother Devin*
